

D4 Roles and Contributions Form (Peer Assessment)

This form should be completed and brought with you to the demo, **either** (a) by the team as a whole if you all agree **or** (b) by each individual team member if you cannot agree.

team id:

| | Name (all names; or just yours if submitting as an individual) | SRN | Signature (all members if submitting as a team) |
|----------------------|---|------------|--|
| Team Member 1 | | | |
| Team Member 2 | | | |
| Team Member 3 | | | |
| Team Member 4 | | | |
| Team Member 5 | | | |

Instructions

(a) as a team

1. Fill in the team id (look it up if you don't know it)
2. Fill in and the name and Student Reference Number (id number) of each team member
3. For each team member (TM1, TM2, ...), fill in the contribution to D4 as a whole number percentage. The total must be 100%. If you all contributed the same and there are four in your team, then everybody gets 25%, with five in the team, it's 20% each.
4. For each team member (TM1, TM2, ...), place a tick against the significant roles played in D4 – at least one for each individual. For example, if TM2 looked after most of the project management and did some of the testing, place a tick in the 2nd column under “project manager” and another under “tester”.
5. Every member must sign to signify that he or she agrees to the above – as a team consensus.

(b) as an individual

If you cannot agree as a team, complete all the above steps, but only you should complete the form (as Team Member 1) and sign it. Every team member must do the same on a separate form.
